### “R-2” LOW DENSITY RESIDENTIAL DISTRICT

#### Section 6.00 GENERAL DESCRIPTION

The “R-2” Mixed Residential District is to provide for single, two-family, and low-density residential development. The principle use of land may range from single family to low density multiple-family dwelling units, which may permit up to a maximum of eight (8) dwelling units as well as rowhouses and condominiums. Certain uses are permitted that are more compatible with intensive residential uses than with commercial uses. The recreational, religious, and educational facilities normally found in an orderly and attractive residential area are included. Internal stability, attractiveness, order, and efficiency are encouraged by providing for adequate light, air, and open space for dwellings and related facilities and through consideration of the proper functional relationship of each use permitted in the district.
