

NEW HAMPTON ECONOMIC DEVELOPMENT

Year In Review 2022

Over the last year, our office has extended our services to many businesses, industries, developers, and non-profit organizations in New Hampton as well as individuals looking to start a new business. Through the regional partnership that our office belongs to, we were able to update our Live the Valley website to be more user-friendly and all encompassing. Check it out at:

<https://livethevalley.com/>

We continue to keep everyone informed on state, federal, & local programs and news. We will continue to work hard to keep moving our community forward in a progressive manner. If there is anything that you think our office can be of assistance with, please reach out!

2022 Improvement Numbers

In 2022, there were 83 building permits issued totaling \$6,402,450

We were able to financially help the following businesses:

Union Block Suites
Kahn Tile
Muscari

The private investment of the above projects totals \$450,000 with a public investment of \$216,000 (through grant assistance & TIF). We are thankful for all those who invest in our community!

Little Sprouts Children's Center

Assisting Little Sprouts Children's Center (fka Great Plays Daycare) with their expansion over the last year is a project our office is very proud of and takes pride in having an integral part in! They have been occupying their new facility for about seven months now and everyone loves it... employees, parents, and kiddos!

We would like to send out a huge THANK YOU to all those who had a part in making this possible. Believe it or not, even with the expanded space, there is still a wait list for infants. Our office continues to work with Little Sprouts on ways to keep growing!

8th Grade Career Week

We were so excited to be back to our normal schedule for 8th Grade Career week with the New Hampton Public and St. Joes students after two years of a modified schedule due to COVID. Students learned about NICC, how to fill out a job application, interview skills, toured a few New Hampton businesses, and participated in mock interviews. We THANK all the businesses that help each year to make this event a successful one!
